

"A penny saved is a penny earned."

- Benjamin Franklin

Every penny makes a difference and they add up very quickly. That's why *Pennies At A Time* is the perfect way to generate additional revenues. With NO cost or risk to your school, *Pennies At A Time* offers a supplementary, innovative way for you to fundraise.

**THE CONCEPT:**

With *Pennies At A Time*, online retailers pay a commission every time you or a member of your school purchase products through your site.

**HOW IT WORKS:**

*Pennies At A Time* creates a webpage matching the look & feel of your school's current website containing links to hundreds of online stores. When someone makes a purchase through your *Pennies At A Time* webpage your school receives a commission.

Rather than going directly to the retailer's website, your students, parents, and faculty will navigate through your *Pennies At A Time* webpage. Upon clicking on their retailer of choice, their shopping experience continues as normal while raising money for your school.

The *Pennies At A Time* webpage will appear to be hosted within your domain making your visitors feel comfortable and secure.

**HOW MUCH WILL WE EARN?**

That depends on you. The more purchases made through your site, the more money your school generates. Commissions vary from store to store. Some stores pay out a percentage of the sale, while others pay a flat fee. You can even generate revenues simply by having your members do their Google™ searches through the site.

Store	Sample Commission Rate*
Amazon.com	2% - 5%
American Express	\$20 - \$100
Circuit City	1.5%
Comcast	\$20 - \$40
eBay	25%
iTunes	2.5%
Orbitz	\$2
Target	3.5%
Snapfish	4%, \$6.50
Verizon Wireless	\$17.50
Vonage	\$15+
Zappos.com	6%

\* Commission rates are subject to change. Some stores offer varying commissions per product or higher payouts for reaching sales levels.

**HOW MUCH DOES IT COST?**

Not a precious penny. Whether you earn \$10 or \$10,000, there is no cost to you nor your users. There is no hardware to buy, no infrastructure to maintain, and no commitments of any sort. There is zero risk... only positive returns.

**GETTING THE WORD OUT:**

*Pennies At A Time* will provide marketing and promotional materials, but you know your students & families best. By educating them about the program, you will be able to maximize your success.

This is a GREAT program, for example, for 8<sup>th</sup> graders or seniors to use to help fundraise for a class trip. In addition to being another method to subsidize their trips, it gives them an exciting introduction to business & marketing.
